# Residential Trips

## 2026-2027

The School is delighted to offer 17 residential trips in 2026-2027, and these will provide experiences to suit students in all year-groups. These complement a range of non-residential trips, as well as lectures and workshops in School, and Years 7 and 8 regularly enjoy a wide range of day-trips. There are also expeditions in the summer term for those undertaking the Bronze and Silver Duke of Edinburgh's Award Scheme, and an exciting trip to explore Morocco, Costa Rica, a Ski Trip to Austria, a philanthropic trip to Moldova, and a fantastic opportunity for an exchange to Roedean South Africa.

### Costs of the Residentials

The costs for these trips are informed estimates, which we hope will help with planning and budgeting, although it is important to be aware that the precise costs will be made clear when places are allocated. This is because the cost of both travel and accommodation are fluctuating a great deal currently. In the event that a trip has low uptake, unfortunately it may not go ahead.

For trips which require an early deposit to secure a place, the cost will be confirmed at this point. Payments for these trips will generally be added to your daughter's School bill, and, wherever possible, payments will be spread. Payments will be clarified in the correspondence for each trip. Families which receive means-tested support may apply for financial support for curriculum trips. Please be aware that for trips which run early in the year, an initial payment may be required very soon.

### Visas

If your daughter requires a visa to travel on an international trip, it is the responsibility of parents or guardians to secure the necessary documentation.

In the unlikely event that this cannot be secured in good time, it may not be possible to refund the costs of the trip.

### How Places On Trips Are Allocated

If your daughter is keen to go on one or more of these trips, please click on the button below to indicate which are of interest, as well as ranking them in order of preference.

It may be that some trips are over-subscribed, in which case the School will prioritise certain students; for example, for trips with an academic focus, those students studying the subject or intending to continue with it in the following year will be prioritised. Older students with fewer opportunities over the coming years may also be given priority.

[Expression of Interest](#)

### Off-Setting The Carbon Footprint Of Residential Trips

The School is keen to make trips as sustainable as possible, but some emissions from travel are unavoidable. We are exploring different options, including funding local hedge planting projects to off-set the trips' carbon footprint, and Roedean recently planted 105 trees awarded to us by the Woodland Trust at the south-west corner of the site.

## Calshot Geography Fieldtrip

This is a compulsory Geography GCSE fieldtrip, and we will go to the Hampshire County Council outdoor activities and fieldwork centre in the mouth of Southampton Water.

The trip combines Geography field investigation with a range of outdoor activities, including rock climbing, archery, team bonding, and dry skiing.

Year Groups	11
Number Of Places	70
Who Will Be Given Priority?	All Year 11 Geographers
Dates	September 2026
Legnth of Trip	2 nights
Approximate Cost	£350
Trip Lead	Mr Carter

## Cultural Trip to Auschwitz-Birkenau

This trip to Auschwitz I and Auschwitz II-Birkenau offers a rare, sobering, and transformative learning opportunity.

It is open to Year 12 students only, providing a chance to bond early in their Sixth Form journey, through a shared experience, which fosters understanding, compassion, and a lifelong awareness of where hatred can lead, and why it must always be challenged.

Year Group	12
Number Of Places	40
Who Will Be Given Priority?	N/A
Dates	October Half-Term 2026
Legnth of Trip	2 nights
Approximate Cost	£500
Trip Lead	Mrs Pashley

# Computer Science and Business Trip to New York

This trip provides an opportunity for students to look at the factors that drive the latest business and technology trends in one of the world's greatest cities. We will be looking at how business decisions and digital systems work together alongside hands-on experiences, such as coding and app development workshops.

This will include visiting the Federal Reserve, the United Nations, Wall Street, the Statue of Liberty, Central Park, the Nintendo world store, and more. This will be primarily of interest for students studying Computer Science or Business, but would also be worthwhile for students who are taking Economics, Politics, or Geography.

Year Groups	10 to 13
Number Of Places	25
Who Will Be Given Priority?	Computer Science or Business Students
Dates	October Half-Term 2026
Length of Trip	5 nights
Approximate Cost	£1900
Trip Lead	Mrs Griffiths and Mr Rowlands

## Science Trip to CERN

This one-night residential trip offers an unforgettable opportunity to visit one of the world's most exciting scientific centres,

CERN, where students will explore world-famous facilities, learn about the Large Hadron Collider, and see cutting-edge science in action. We also hope to explore pioneering energy research, including the possibility of visiting the world's first fusion reactor designed to supply power to the grid. More than a science trip, this is a chance to experience world-leading physics and engineering beyond the classroom while enjoying the stunning winter scenery of the heart of Europe, an inspiring blend of discovery, innovation, and adventure.

Year Groups	12 to 13
Number Of Places	20
Who Will Be Given Priority?	A Level Physicists or Scientists
Dates	November 2026
Legnth of Trip	1 night
Approximate Cost	£250
Trip Lead	Ms Reesink-Wells

# ROEDEAN SCHOOL SOUTH AFRICA

## Roedean South Africa Exchange

Following the hugely successful exchange in February-March 2025, six students in Year 9 will travel to our sister school in Johannesburg, for a three-week stay to immerse themselves in Roedean South Africa.

They will stay in the boarding house there, and be hosted for day trips at the weekends by their exchange partners' families. Following this, the students from Roedean South Africa will come to Brighton to find the similarities and differences between our two schools. ruly the experience of a life-time!

Year Groups	9
Number Of Places Available	6
Who Will Be Given Priority?	By interview
Dates	February 2027
Legnth of Trip	20 nights
Approximate Cost	£900
Trip Lead	Dr Barrand

## Morocco Trip

The trip will take our students to north-west Africa for five nights and six days, including a night in the Sahara desert, the souks of Marrakech, a day in a Moroccan village, crossing the Atlas mountains, and much, much more.

This same trip 2 years ago and was an eye opening experience for all who went.

It really is the trip of a lifetime!

Year Groups	10 to 13
Number Of Places Available	30
Who Will Be Given Priority?	Year 13 Geography students
Dates	February Half Term 2027
Length of Trip	5 nights
Approximate Cost	£1500
Trip Lead	Mr Carter

## Denmark DHE School Exchange

You will spend 3 days, 4 nights in a Danish boarding school near Billund. The school programme includes partaking in a range of art activities such as jewellery making, ceramics, woodwork, crochet and gymnastics, a trip to the coast and local lighthouse.

Then a train journey to Copenhagen to visit their art galleries and with some time for shopping and exploring this beautiful city.

Year Groups	11 to 12
Number Of Places	10-14
Who Will Be Given Priority?	Art Students
Dates	February Half Term 2027
Legnth of Trip	5 nights
Approximate Cost	£800
Trip Lead	Mrs Alexander

## French and Cultural Trip to Paris

This trip will be an exciting opportunity to visit one of Europe's most beautiful cities for 3 nights. We will climb the Eiffel Tower to look over the city, enjoy a cruise on the river Seine, visit Notre Dame Cathedral and Montmartre, and visit the wonderful museums in this city full of culture.

Year Groups	10 to 13
Number Of Places	24
Who Will Be Given Priority?	GCSE and A Level French students
Dates	February Half Term 2027
Legnth of Trip	3 nights
Approximate Cost	£650
Trip Lead	Miss de Jesus

## Ski Trip to Austria

This trip will consist of four full days of ski lessons and experiencing the mountains.

The trip is always very popular with experienced skiers, but beginners can also learn.

Year Groups	8 to 13
Number Of Places	40-50
Who Will Be Given Priority?	N/A
Dates	Easter 2027
Legnth of Trip	4 nights
Approximate Cost	£1650
Trip Lead	Mr Foggoa

## Sustainability Trip to Costa Rica

This sustainability trip to Costa Rica will have an emphasis on student leadership. Supervised by both the School and World Challenge staff, the activities will focus on Marine and Environmental Conservation.

There will also be low-level trekking and jungle/forest trekking. Other activities will also include camping, snorkelling, paddle sports, and more.

There is a possibility that this trip may run in conjunction with Lancing College.

Year Groups	10 to 13
Number Of Places	20-25
Who Will Be Given Priority?	N/A
Dates	Easter 2027
Legnth of Trip	12 nights
Approximate Cost	£3000
Trip Lead	Mrs Pashley

## Design Trip to Stockholm

Stockholm is a premier design destination, blending functionalist architecture with modern Scandinavian minimalism.

We will take in the dynamic culture of the city, while visiting top sights, such as the ArkDes (Swedish Centre for Architecture and Design) and the iconic Svenskt Tenn interior shop. For those considering pursuing Design further, this is a must!

Year Groups	9 to 10
Number Of Places	20
Who Will Be Given Priority?	N/A
Dates	May 2027
Legnth of Trip	3 nights
Approximate Cost	£950
Trip Lead	Mrs Quirk

## Biology Field Trip to Somerset

This compulsory Biology A Level trip which provide the opportunity for course content to be delivered in the field, and the students will also carry out practicals, which are required to pass the practical endorsement for their A Level. We will be staying at Nettlecombe Court.

Year Groups	12
Number Of Places	15
Who Will Be Given Priority?	All Year 12 Biologists
Dates	June 2027
Legnth of Trip	3 nights
Approximate Cost	£450
Trip Lead	Dr Turner

## Dorset Geography Fieldtrip

Our compulsory A Level Geography field trip takes place in Swanage, Dorset. We will stay at the renowned Leeson House Field Centre, and the trip will combine NEA (coursework) preparation and learning in the field (Coastal Geomorphology), both of which will set a solid foundation for successful completion of the A Level.

Year Groups	12
Number Of Places	10
Who Will Be Given Priority?	All Year 12 Geographers
Dates	June 2027
Length of Trip	3 nights
Approximate Cost	£450
Trip Lead	Mr Carter

## Year 8 Residential to France

The Year 8 residential trip is a fantastic opportunity for students to bring their language learning to life beyond the classroom.

By experiencing the culture, food, and everyday life of a different country, students will develop their confidence in using languages in real-world situations. Throughout the trip, they will have the chance to practise speaking and listening skills, explore local landmarks, and gain a deeper understanding of cultural traditions. This enriching experience supports both academic progress and personal development, while creating enjoyable and memorable moments with their peers.

Year Groups	8
Number Of Places	25
Who Will Be Given Priority?	All Year 8
Dates	June 2027
Legnth of Trip	1 night
Approximate Cost	£300
Trip Lead	Miss Orrells

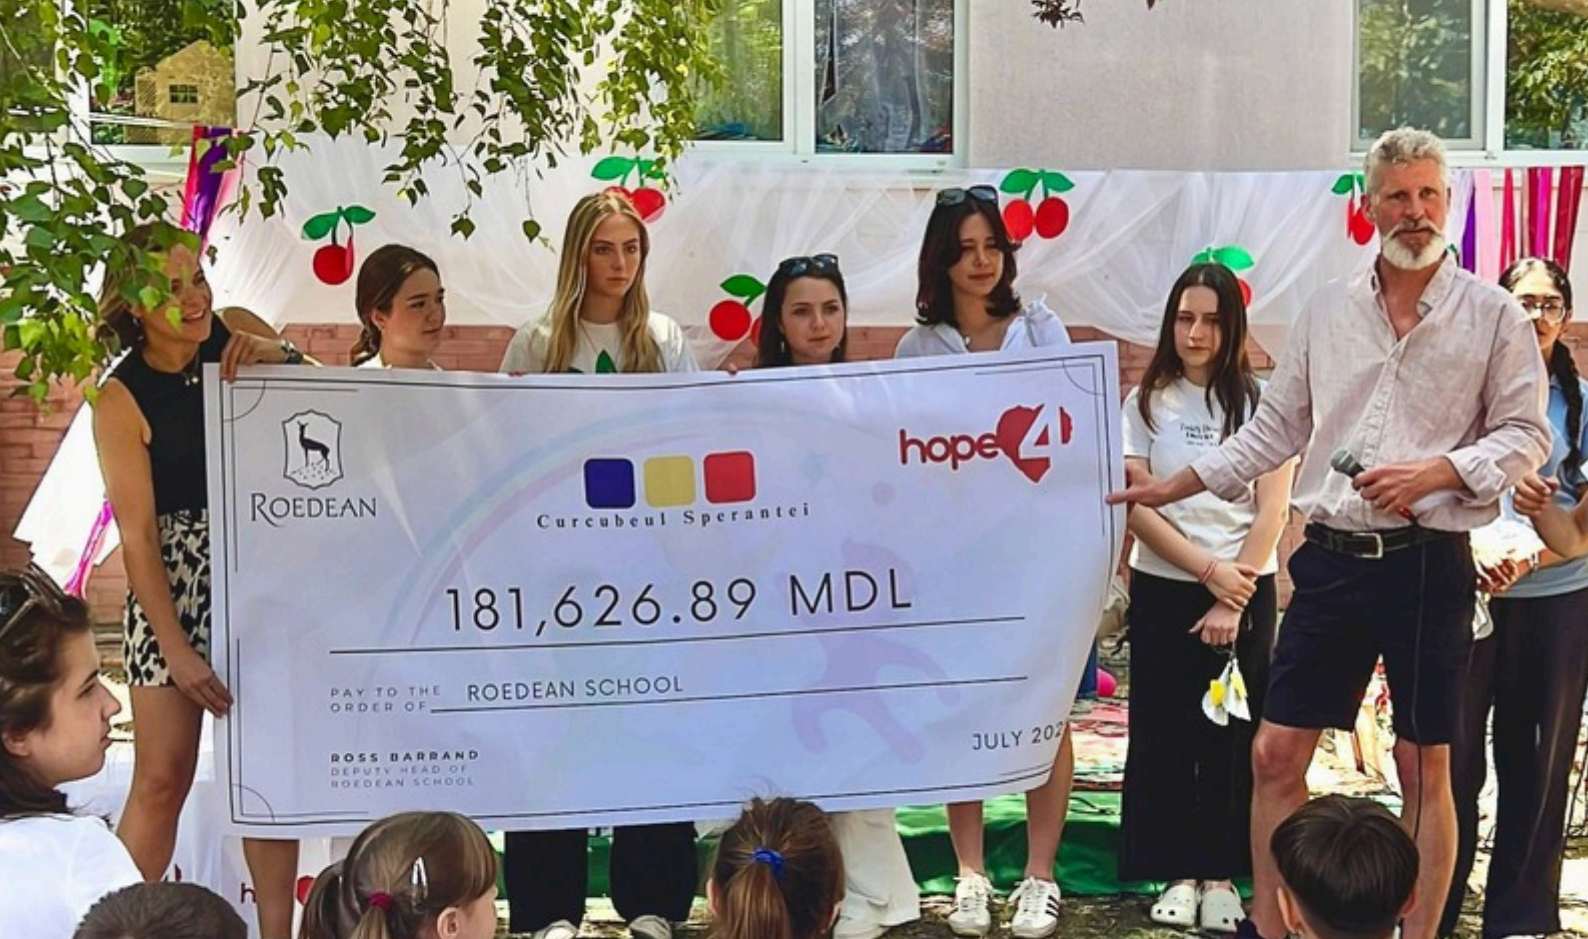

## Year 7 Residential to Blacklands Farm

The Year 7 residential trip to Blacklands Farm is an exciting opportunity for students to step outside the classroom and experience learning in a completely new environment.

Set in the beautiful Sussex countryside, Blacklands Farm Outdoor Centre offers a wide range of adventurous activities designed to build confidence, teamwork, and independence. During the trip, students will take part in activities such as climbing, zip-lining, and problem-solving challenges, all while making new friends and creating lasting memories. This residential is an important part of the Year 7 experience, helping students grow both personally and socially.

Year Groups	7
Number Of Places	25
Who Will Be Given Priority?	All Year 7s
Dates	June 2027
Legnth of Trip	1 night
Approximate Cost	£400
Trip Lead	Miss Bamford

## Project 125 Moldova

This trip will be the third visit for Roedeian students to Chisinau, the capital of Moldova. Project 125 came about because we have students from both Ukraine and Moldova at School, and, in response to the conflict in Ukraine, we wanted to do something tangible to help.

Over a period of a week, 12 remarkable students will teach English to Ukrainian refugee children, supported by the NGO, Hope4. They will also visit an orphanage outside the capital, which has become the focus of our fund-raising in Year 11 and the Sixth Form.

Year Groups	11-12
Number Of Places	12
Who Will Be Given Priority?	By interview
Dates	July 2027
Legnth of Trip	7 nights
Approximate Cost	£950
Trip Lead	Dr Barrand

## Catalyst Foundation Trip to Zimbabwe

There may be an exciting opportunity for a small number of students to volunteer at the Catalyst Foundation summer camp, which brings together the 120 girls from across Zambia and Zimbabwe who are supported by this charity.

Roedean supports Esther, Natasha, and Josephine, and those who go on this trip would be able to meet them in person, and take part and lead activities with the children. The camp, which is dependent on external funding, would take place on the banks of Lake Victoria - it would be an extraordinary experience!

Year Groups	12
Number Of Places	6
Who Will Be Given Priority?	By interview
Dates	August 2027
Legnth of Trip	5 nights
Approximate Cost	£1200
Trip Lead	Dr Barrand
