'A school with mind, heart and a constant fizz!'
The Good Schools Guide

Welcome

Wellington College is a pioneering co-educational institution, driven by the need to prepare young people to serve and help shape the world of tomorrow. We believe that every child has immense potential that, in the right environment, can be uncovered, nurtured and realised.

A group of students are sitting on a wooden bench outdoors. In the foreground, a boy is playing an acoustic guitar. To his left, two girls are sitting and talking. The background is filled with lush green trees and other students, creating a warm, community atmosphere. The lighting is soft and golden, suggesting late afternoon or early evening.

Big. Small.

A thriving school of over 1,100 students, with 18 Houses that are small enough for each child to feel at home – a place where they are known, supported, and part of a close-knit community.

#OurWellington

Big. Small.

From the moment they arrive, every student becomes part of a House, a team, a tradition, a family – Wellington is a place where lifelong friendships are forged, voices are heard, and everyone is valued. You don't just come to Wellington, you belong.

#OurWellington

Everything. Anything.

At Wellington, students don't have to choose between being an academic, an artist, an athlete, or a leader.

#OurWellington

They can be all of them or any of them, as they embark on a journey of self-discovery in an environment that encourages every passion to flourish. Students are challenged and supported in equal measure because here, academic ambition and personal wellbeing go hand in hand.

#OurWellington

Everything. Anything.
